

產品 Product

心臟寶30 CoQuinone™ 30

每瓶 56膠囊 56 Soft Gelcaps / Bottle
產品編號： 123 Item #: 123

USANA 心臟寶30，蘊含革新輔酶Q10份量及獨特水溶配方，此份量及水溶配方較其他市面上同類型產品，能提供更多的輔酶Q10份量，相對地亦能產生雙倍功效。配方內的硫辛酸(alpha lipoic acid)是一種 類似維他命的抗氧化劑物質，經腸道吸收後進入細胞。內外對抗游離基，保護細胞不被游離基侵害。

Compared with other soft-gel products, USANA CoQuinone™ 30, a hydro-soluble formula, provides higher blood levels of CoQ10 --- roughly double that of dry-capsule form products available on the market. Alpha lipoic acid (thioctic acid) is a vitamin-like antioxidant, easily absorbed through the gut and transported across cell membranes. It offers protection against a wide variety of free radicals inside and outside the cell.

- 促進、保護血管及心臟組織系統健康
- 配方蘊含高效輔酶Q10(CoQ10)及硫辛酸，提供高效抗氧化劑
- Promotes a healthy cardiovascular system
- Provides an advanced antioxidant supplement containing CoQ10 and lipoic acid, in a highly bioavailable formula

服用方法
